GEL04 Frozen Pop Mold - Tango
Packaging: 1 tray, 2 molds, 50 sticks

Durable silicone molds that produce frozen pops in a spiral shape. The mold is flexible, reusable and dishwasher safe

126400 Gelato Panini Press
Packaging: 1 machine

An innovative frozen dessert machine by PreGel and Waring Commercial that toasts and seals a sweet bun filled with gelato and toppings to create Panini Gelato

Application: Panini Gelato

PANINI GELATO is a concept for frozen dessert businesses seeking a novel approach to desserts. To create Panini Gelato, creamy scoops of gelato, ice cream, frozen yogurt or soft serve are neatly spooned onto a golden, sweet bun combined with a sweet Arabeschi® and/or Topping, and then lightly pressed to perfection using a state-of-the-art machine. Assembled on the spot, the bun takes the place of a cone, cup or cookie, and is served either sliced on a plate, or as a full sandwich served in a wrapper for a more on-the-go solution.
