

PANINI GELATO

Panini Gelato is a brand new concept for frozen dessert businesses seeking a novel approach to desserts. Creamy scoops of gelato or frozen yogurt are neatly spooned onto a golden, sweet bun combined with a savoury or sweet Arabeschi® and/or topping, and then lightly pressed to perfection using a state-of-the-art machine to create Panini Gelato. Assembled on the spot, the bun takes the place of a cone, cup or cookie and is served either sliced on a plate, or as a full sandwich served in a wrapper for a more on-the-go solution.

TO CREATE PANINI GELATO, YOU WILL NEED:

PreGel gelato or frozen yogurt flavour

PreGel Arabeschi® or Toppings

Sweet Bun

Gelato Panini Press

This Concept Can Effortlessly Be Added To Any Existing Concept

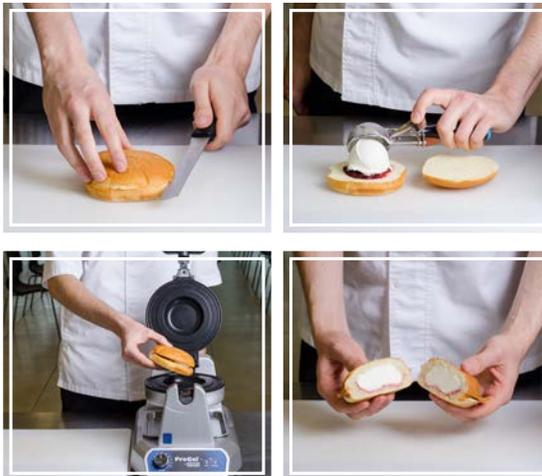

PANINI GELATO

STEP-BY-STEP GUIDE TO CREATING PANINI GELATO

1. Place a scoop of gelato with any PreGel Topping or Arabeschi® onto the bottom half of the bun.
2. Assemble with the top half of the bun and press lightly to insure the ingredients are securely inside the sandwich.
3. Place the sandwich into the Panini Gelato Machine, toasting it just slightly.*
4. Serve either sliced on a plate, or as a full sandwich in a wrapper.

* Consult machine directions for exact time

PANINI GELATO EQUIPMENT

The Panini Gelato machine by Tataruga is the latest technology for dessertpreneurs seeking something new and exciting for their customers. PreGel CANADA is pleased to be able to present this new equipment option and hopes to continue to innovate and add value to the experience of partnering with PreGel.

Code	Product	Packaging
I26400	Gelato Panini Press	1 machine
