## HIGH-END DESSERT SOLUTIONS TO EXPAND YOUR MENU

Whether for a break, a social gathering or a work appointment, millions of people head to their local coffee shops, cafés and restaurants to enjoy their daily caffeine boost, favourite drinks or pastries. While customer service and wait time are important for these establishments, the quality and variety of the menu offerings is what people are really looking for. In a setting where both beverages and delicacies coexist, the key is to focus on top-notch goods prepared with the best ingredients on the market.

A new gourmet experience for your customers begins with PreGel CANADA. From original flavours and garnishes for coffee to ingredients for bite-size pastries and trendy desserts, PreGel offers the ingredient solutions you need to create something new in the world of coffee. Our easy-to-use products will help you realize the untapped potential of frozen desserts, beverages and pastries in your shop.

## A NEW GOURMET EXPERIENCE BEGINS WITH PREGEL CANADA!

### PANINI GELATO: The Hot Innovation that Will Keep Your Customers Cool!

Highlighted by the Canadian Restaurant & Foodservice Association as a hot innovation this year, PreGel's Panini Gelato brings the world of pastries and frozen desserts together. Featuring PreGel's Panini Gelato Press, Panini Gelato is created by taking a sweet bun filled with a scoop of frozen yogurt, soft serve, gelato or ice cream, and a topping, then neatly pressing it in the machine. The Panini Gelato Press warms the outside of the bun while preserving the cold and delicious dessert in the middle.

The concept is attractive to business owners looking to expand their offerings with an original, convenient and affordable dessert solution. Fresh-made and assembled on the spot, the bun takes the place of a cone, cup or cookie and is served either sliced or as a full sandwich served in a wrapper for a more on-the-go solution.

### CAFFÉTONE™, FRUITTONE™ & YOGURTTONE™: Drinkable Desserts for all Palates!

PreGel's latest frozen dessert and beverage concept is the perfect accent to chill your menu and offer your customers something they've never had before. With Caffétone™, Fruittone™ and Yogurttone™ your customers can enjoy a coffee concoction, a healthy sorbet beverage, an elaborate alcoholic drink or a serving of soft serve. Featuring an affordable tabletop machine and instant shelf-stable powdered mixes called Tenerissimo™ that only require the addition of water or milk, the concept produces delicious frozen beverages similar to soft gelato. Our program provides operators with all the necessities they need to execute a new menu with minimum preparation.

### MONTERICCO NATURAL FRUIT PURÉES: Fresh Fruit that's Always in Season!

With only a limited selection of fresh fruits available all year long, preparing your customer's favourite drink or dish can be cumbersome out of season. Now with Montericco Natural Fruit Purées, you can choose between a selection of 24 fruit purées any time of the year. Easy to store frozen and convenient to use, these purées are packaged in 1kg jars and are an asset in the kitchen.

PreGel's Montericco Natural Fruit Purées are Canadian-made and Kosher certified. The Natural Fruit Purées can be used in pastries, frozen desserts, beverages, entrees and appetizers. Montericco is the ideal secret ingredient to all pastry delicacies and sweets.
