Sorbet
STORY

A NEW KIND OF SWIRL

Created by Italian chefs experimenting with ice and granite during the Renaissance, sorbet is a fruit and water-based frozen dessert that is experiencing a resurgence in today's ever-evolving world of artisan foods. Generally vegan and dairy-free, sorbets are an ideal solution for dessert lovers with dairy intolerances and low-fat diets. Sorbet's creamy yet dense texture, health factor and refreshing fruit flavours are attributed as the top reasons consumers are gravitating toward the frozen dessert and surpassing traditional ice creams and Italian ices. Sorbet's story is unfolding, don't leave it out of your business's next chapter.

WHAT IS

SORBET?

DAIRY-
free

MADE WITH WATER

MADE
WITH

fruit

LOW IN:
SODIUM
CHOLESTEROL
SATURATED

smooth AND *creamy*

VEGAN

Tip

Squeezing a lemon in your mix will enhance and prolong the flavour of your sorbet

From frozen yogurt to sorbet, PreGel's Super Sprints provide a new, gourmet and healthy solution to the time-treasured classic of soft serve. PreGel's Super Sprints are complete, instant powdered mixes that contain the base, stabilizers and emulsifiers, sugar and flavouring for delicious sorbet. All you have to add is water. Our ready-to-use products are a simple two-step process – the quick turn-around and freshness ensure your customers will always have a fresh, high-quality frozen dessert.

Tip

PreGel Vellutina® (sorbitol paste) is perfect for creating a smooth texture and enhancing sorbets
